Background information

In 2018, the OWHC Regional Secretariat for Northwest Europe and North America organized this Travelling Scholarship for young people for the first time. Six travellers/pairs were selected and granted a 1.000 € travel budget. You can find more information and read about their experiences on the travel blog as well as our OWHC website:

www.ovpm.org/program/owhc-young-travelling-scholarship/

www.owhc-youngtravelling.com/

After the very positive feedback on the first scholarship, it was decided amongst the member cities of our OWHC region to grant also for 2019 the budget for this successful program.

Concept

The idea behind the concept is to entice young people to travel to World Heritage Cities and actively think about the concept of cultural heritage sites. That is why we ask you to visit at least three different cities listed as World Heritage in at least two different countries. Not less than two of your travel destinations should be members of the Regional Secretariat Northwest Europe and North America of the OWHC. You can find the complete list of the OWHC member cities here: www.ovpm.org. There the list is also sorted in Regional Secretariats, so you can see which cities are part of this specific region. We would like you to think of a good travel plan and develop your individual route on the track of World Heritage.

Financial organisation

For the whole trip, we grant a budget of 1.000 €. You by yourself are responsible for all travel organisations and bookings of transport or accommodation. You will receive the full reimbursement at the end of your trip or part of it while you are on the journey.

Should you need any support with local contact in our World Heritage Cities, please let us know and we are more than happy to help.

Output on Social Media

- While travelling: daily post on the OWHC Instagram account using *#owhc and #owhcyoungtravelling*, which is organized through our OWHC General Secretariat
- personal posts on your own Instagram account and linking it to OWHC
- share your trip on facebook and all your other social media accounts
- write on our travel blog website under www.owhc-youngtravelling.com/ to gather all our travellers' experiences

Creative Output

- Your individual output in form of a creative documentation of your experiences
- Let the focus be World Heritage and how it makes a difference
- We will collect your outputs and make it accessible on the OWHC website as well as other platforms for our members

What is a World Heritage?

- It is defined as a not renewable resource which has to be safeguarded to guarantee its authenticity and preservations for future generations.
- In 1972 the World Heritage Convention was established; in 1978 the first World Heritage sites were listed. Currently we have 1.092 World Cultural and Natural sites in 167 countries.
